**Re: OIS accreditation reports and action plan progress**

To the KG Assessment Office,

OIS is submitting the following documents for your review:

**OIS WASC Mid-Cycle Report:**

All OIS faculty members contributed to the development of the OIS WASC Mid-Cycle Report, which was written between October 2020 and February 2021. Section 4 of the report describes the recent progress the school has made in all seven sections of the OIS Action Plan.

**OIS WASC Mid-Cycle Visit Schedule - 2021:**

The WASC Mid-Cycle Visit will take place on April 22-23. During the two days there will be zooms with the leadership team, teachers, parents and students. We also have to submit seven 20 minute videos in advance. The videos show teaching and learning in different age groups, the school facilities, and safety features.

**OIS Action Plan 2021 Update**

The OIS Action Plan summarises progress in each year since 2019 and includes updates for the past year. As previously reported to the KG assessment office, many school developments could not progress last year due to the pandemic. However, in 2021 more activity has been possible and in terms of school planning and development, things are now progressing almost as normal. We are all well adapted to pandemic working life.

Following the WASC visit in April, we will renew our action plan, taking into account their feedback *and make a new timeline*. We will be able to submit our new action plan and timeline in May or early June this year.

Any advice or feedback on our progress is always much appreciated.

Yours sincerely,

Myles Jackson - Head of School, Osaka International School
